VOL. 32 NO. 150

WASHINGTON C. H., OHIO, TUESDAY, JUNE 26, 1917

Ten Cents a Week

## RED CROSS FUND IS EXPECTED TO REACH \$110,000,000 MARK

Golden Stream Continues to Pour Into Headquarters of Mercy and Help Department—Many Cities to Continue Commendable Work.

By Associated Press Dispatch.

Washington, June 26.—The Red Cross "humanity dollars" campaign passed its mark today with a total of \$104,000,000, tabulated at noon and returns still coming in.

The Red Cross War Council predicted a total of \$110,000,000 by night-fall.

Red Cross officials have decided to grant the request of many cities to be allowed to continue the campaign.

The huge outpouring of subscriptions have swamped headquarters here, and it may be several days before the exact total of Red Cross week subscriptions are received and counted.

The noon total of \$104,000,000 did not include New York City's latest subscriptions, last night's total for that city being used.

## PRICE FIXING ON COAL NOW CONSIDERED

Chicago Coal Operator Admits Taking Advantage of "Conditions and People"—Sharp Probe Decided Upon.

By Associated Press Dispatch.

Washington, June 26.—Extension of Government control and price fixing to coal, iron and steel and other raw materials during the war was considered today by the Senate Interstate Commerce Committee.

Coal was the first subject taken up, with Ohio and Pittsburgh operators as witnesses.

A speedy inquiry was planned by the committee, with the view to proposing amendments on the food control bill for Federal regulation of basic commodities.

By Senators Pomerene and Crampton to have the Government fix prices of coal and railroad supplies, the committee, but its investigation promised a much broader scope, including any problems of production, distribution and transportation.

"What is the average increase in the price of coal to the consumer?" asked Senator Pomerene of S. C. Alderwell, a Chicago coal operator.

"It has been very large," Mr. Alderwell replied. "I would say that it has been from seventy-five to one hundred per cent, but that is only an estimate."

"How do you justify the increase?" "Coal operators are just as human as anyone else, and they have taken advantage of the conditions and the people."

### 157 KILLED IN LAST AIR RAID

London, June 26.—Official figures of the casualties in the London air raid of June 13 were announced yesterday. Subsequent deaths and the discovery of more bodies in the debris have brought the number of dead to 91 men, 24 women and 42 children. The injured number 220 men, 110 women and 100 children.

## FRENCH ENTER ATHENS AFTER DISTURBANCES

Action of the French Troops Due to Anti-Entente Demonstration—M. Venizelos to Form Cabinet.

(Associated Press Cable.)

London, June 26.—A dispatch to the Times from Athens says French troops yesterday entered Athens and occupied several points in the city.

This is the second time since the war begun that troops have been sent to Athens. The previous instance was in December, 1916.

Soon after landing they were fired upon by Greek troops.

They were withdrawn after the Greek Government had acceded to the Allies' demands for reparation.

### TO QUELL RIOTING

(Associated Press Cable.)

London, June 26.—A Reuter dispatch from Athens says there was a demonstration in city on Sunday night, and that the Allied troops entered the city to assist in the maintenance of order.

The demonstration was organized by a number of reservists and sailors under the leadership of M. Gounaris, former Greek Premier.

A Reuter dispatch says further that it is stated on good authority that M. Venizelos will form a Cabinet not later than Wednesday.

## VOTE IS NEAR ON RIVER-HARBOR BILL

By Associated Press Dispatch.

Washington, June 26.—A final vote in the House by tonight on the rivers and harbors bill, carrying approximately \$26,000,000, seemed probable today. Its passage is expected, although opposition is strong.

Debate continued under the five minute rule, with the leaders striving to push the bill to final disposition.

As soon as the bill is out of the way the House will begin consideration of the priority shipment bill, empowering the President to direct what classes of shipments shall have precedence.

## CRUGER CASE MAY OVERTURN POLICE DEPARTMENT

Important diversified developments in the Cruger murder case in New York were these:

1.—The inquiry of Commissioner Leonard M. Wallstein (No. 2 in the pictures) brought admissions that Acting Police Captain Alonzo Cooper (No. 4 in pictures), directly in charge of the Ruth Cruger search, early accepted the "voluntary departure"

Alfredo Cocchi until the girl's body was found on June 16.

2.—Mrs. Cocchi charged that she had been prevented at the Harlem prison from sending information to Assistant District Attorney Dooling.

3.—Four motorcycle policemen were suspended charged with irregularities in making out summonses served upon offending motorists. There is much criticism of Police theory and did not really suspect

Commissioner Woods (No. 3 in the pictures), and his enemies are asking Mayor Mitchell to dismiss him.

4.—Many written complaints from motorists were received by the district attorney charging "craft by motorcycle cops through Cocchi and others."

No. 1 is a new photograph of Mrs. Grace Humiston, the woman lawyer, whose efforts led to the discovery of Ruth Cruger's body.

## FRENCH BATTER WAY THROUGH FIRST LINE GERMAN TRENCHES

Drive Resumed on Aisne With Brilliant Victory for Gen. Petain's Men. Drive Marks Resumption of Great Offensive.

By Associated Press Dispatch.

General Petain has resumed his dash operations on the Aisne front and today reports a brilliant success for his troops in a surprise attack northwest of Hurteboise.

The entire first line of the strong German position there was carried and held against counter attacks.

The Germans were badly cut up, besides losing more than 300 men in prisoners.

It is in this sector, between Craonne and Cerny, that the most feasible route lies to the German fortress of Laon, the vital support of the whole German line of the French front.

Last night's effort by the French seems to indicate that their chief command has no idea of letting control of the situation here slip from its grip under the nagging tactics recently adopted by von Hindenburg, who has been trying to wrest control of dominating points from the French forces.

## SWISS ELECT NEW MEMBER

(Associated Press Cable.)

Berne, Switzerland, June 26.—Gustave Ador was elected a member of the Federal Council today to succeed Dr. Hoffman, who recently resigned on account of his connection with the effort to arrange a separate peace between Germany and Russia.

Fourteen deputies voted for Dr. Hoffman, but there was a large majority for Ador.

## \$765,000,000 IN ONE PILE

By Associated Press Dispatch.

New York, June 26.—The count on what Government officials believe to be the greatest hoard of gold ever stored simultaneously in one place in the history of the world, consisting of English, French and American coins and bullion that have all gone into the melting pot together, totalling \$765,000,000 has just been completed at the United States Assay Office here.

"Without a penny found to be missing," it was announced today by Edward P. Leach, head of the settlement committee now making the annual inventory and audit of the office.

It is interesting to know that the man who is in actual charge of the great mass of gold described in the foregoing, is an Ohio man. He is Verne Bovie, of Gallipolis, Ohio, and one of the cleanest-cut, most trustworthy men well imaginable.

Mr. Bovie is a personal friend of Mr. Phil Davis, member of the Board of Education in this city, who has known Mr. Bovie for many years.

Mr. Bovie left Gallipolis some 15 years ago, and prior to that had been engaged in the practice of law in the capital of Gallia county.

Mr. Davis last saw Mr. Bovie last summer, when both were in Gallipolis on a vacation.

## OHIO BRANCH DOING EXCELLENT WORK

By Associated Press Dispatch.

Columbus, O., June 26.—Many carloads of seed have been secured for farmers at wholesale prices, many delayed shipments of freight to farmers were hastened and many hundreds of farm laborers secured through the co-operation of the Ohio Branch, Council of National Defense, according to an official report.

At least 7,000 students were released for farm work from colleges and high schools through the efforts of representatives of the council. More than 68 cities have been furnished lecturers on gardening. Arrangements have been made for some of the men giving them to spend several weeks in different localities. The council has secured the co-operation of 300 home economic workers to give lectures on food conservation and demonstrations on the canning of food.

## OHIO GUARD UNITS GET RECOGNITION FROM GOVERNMENT

### 303,000 AUTOMOBILES IN BUCKEYE STATE

By Associated Press Dispatch.

Columbus, O., June 26.—Ohio has issued approximately 303,000 automobile licenses, so the records of Registrar W. A. McCurdy showed at the beginning of the week. Of this number some 8,000 are licenses issued to owners of electric and to dealers. A total of 18,000 licenses have been issued to motorcycle owners, the demand for licenses shows little sign of falling off. The receipts of the auto department will exceed \$1,500,000 for the entire year. Each year shows a big gain in receipts.

## SPAIN AGAIN SUSPENDS ALL GUARANTEES

Crisis in Spain Is Not Developing as Premier Dato Had Hoped and Drastic Action Is Taken.

(Associated Press Cable.)

Madrid, June 26.—The Government yesterday decided to suspend the constitutional guarantees.

Premier Dato went to the Palace to obtain the King's signature to the decree authorizing the suspension.

(Associated Press Cable.)

Paris, June 26.—The decision to suspend constitutional guarantees in Spain was reached at a special meeting of the Cabinet yesterday, after which Premier Dato took to the Palace the decree authorizing the measure to obtain the King's signature. It goes into effect today.

Dispatches from Madrid give no special reason for this action. The constitutional guarantees have been suspended several times since the outbreak of the war and were restored only recently.

It is assumed that the crisis through which the country is passing is not developing as favorably as Premier Dato hoped.

## GREECE MAY JOIN ALLIES

(Associated Press Cable.)

London, June 26.—A dispatch to the Times from Athens says that as soon as Parliament is convened, M. Venizelos will probably propose to the deputies that Greece join the Allies.

He does not intend, however, to mobilize the Nation against its will.

He is expected first to undertake a great campaign explaining to the people that Greece's interests are bound up in the Entente cause.

If his mission is successful he will be able in about three months to put the entire forces of Greece into the balance.

War Department Also Takes Occasion to Say Ohio Has Furnished 25 Percent of All Guard Recruits in Ten Days' Time.

By Associated Press Dispatch.

Columbus, O., June 26.—Federal recognition to all authorized new units of the Ohio National Guard as of June 30 was announced in a message to Governor Cox and Adjutant General George H. Wood from the Secretary of War through the Provost Marshal General's office today.

This means that all Ohio units, including the new Tenth Regiment, Companies H and M of the Fifth Regiment, and Batteries E and F of the Field Artillery have been given recognition.

Ohio guard officers see a far greater significance in the announcement, believing that it is the biggest step the State has been able to take towards securing a complete division of guardsmen, for which all the officers have been diligently working.

The War Department today, in an official statement, made it known that Ohio had furnished more than 25 per cent of the recruits who joined National Guard organizations of all the states, between June 10 and June 20.

Ohio's enlistments number 2,733, and the total in the United States was 9,709. New York, ranking second, had 1,399 enlistments.

## FOOD BILL TO EXEMPT FARMERS

Provisions of Measure Extended to Aid in Proper Control of Food Situation.

By Associated Press Dispatch.

Washington, June 26.—Extension of Government control to iron and steel and their products, petroleum and its products, farm implements and sisal and hemp products, such as binding twine, was decided upon today as an amendment to the Administration food control bill by a Senate agricultural sub-committee. Addition of other articles is under consideration.

Other amendments agreed to by the sub-committee, which will remove much opposition to the legislation, provides that the bill shall not apply to farmers', gardeners' and stock raisers' products raised upon their own land, and shall not give the Food Administrator power to impose individual rations or regulate their meals. The committee deferred action upon the prohibition section.

## WASHINGTON PEOPLE WILL NOT AWAKEN

Many Men Called by the Chairman of the Red Cross to a Committee Meeting on Monday Fail to Respond—War Fund Campaign to be Inaugurated Soon—Meeting Today. Women Active.

Thus far, Red Cross enthusiasm has been shown by very few Washington people. The officers and Executive Committee have made some heroic attempts to get the work started, here so that this city may do her part in the great \$100,000,000 war fund campaign that the National Red Cross has undertaken.

A meeting of the representative men of the city and county, selected by the chairman and advisory committee, to assist in the campaign of the county, called for 10:00 o'clock Monday, was almost a failure. Such a small per cent of those called responded that no business could be taken up.

H. B. Dahl, chairman, will make another attempt to get the men together today. The officers and members of the Executive Committee feel that a wrong impression of the nature of the campaign and the expenditure of funds, may be held by many citizens. The work to be inaugurated here is only a part of the nation-wide campaign, for war relief, not of Englishmen and Frenchmen on the firing line, but for our own sons who will soon go forth to defend the flag. All of the money raised in the campaign here will go into the national treasury of the organization. Funds necessary to operate the workshop in this city will be raised from memberships and other means, as planned by the Finance Committee.

The apparent lack of enthusiasm on the part of the men of the community, is balanced to some extent by the unusual amount of energy shown by the women.

Many responded to the meeting called for 3:00 o'clock Monday by the chairman of the Workshop Committee. The work of the committee was discussed and several appointments were made.

Box, No. 2 which is to be outfitted by the local committee, was divided into four units, and women were appointed to be responsible for each unit. Mrs. Ray Maynard will have charge of the sheets and pillow cases, Mary Craig, pajamas and convalescent robes; Mrs. Gerrie Spragg, face and bath towels and wash cloths; Miss Dell Lanum, slippers, hot water bottle covers and ice bag covers. The socks for the box will be purchased by the committee.

Ten sewing machines and two long cutting tables were donated to the use of the committee in the workshop.

Work in the shop in the Stinson room will begin next week, as soon as specifications for the box and contents arrive. The shop will be open every afternoon from 1:00 to 5:00 o'clock.

**ROBINSON CIRCUS**  
**MAN IS "THERE"**  
One of the most spectacular things about a circus is the press agent. He blew into the office today.

"Little story?" he inquired tentatively.

"Go ahead," said the city editor.

And the genius sat down to a typewriter and battered this out:

"The famous John Robinson Circus will arrive in Washington C. H. on Saturday, July 7th, for a one day stand and with the trouping 'white top' outfit will come the biggest herd of elephants ever seen under canvas; the shapely and nimble bareback riders; the funny gloom-chasing clowns; the daring aerialists; the sagacious trained animals; the speed contests and brilliant spectacles; the side show freaks; the pink lemonade; the palatable roasted Circus peanut, and what is more important perhaps to the children than anything else, the free street parade with its attractive carved wagons, strikingly plumed horses, gaily caparisoned riders and drivers; the brass bands of crashing music, including the original Dixie 'Jaz' Band and the siren shrieks of the inevitable steam callopes.

In order to ensure its occupancy of the pinnacle place in Circusdom, the John Robinson outfit has been augmented twenty-five per cent in every department over previous years.

## BURGLARS VISIT BARNETT GROCERY

The Barnett Grocery was visited by burglars, Monday night, and the cash register robbed of about \$25 in cash and the refrigerator visited where the burglar or burglars devoured some cheese and then quietly took their departure without arousing anyone, although right in the heart of the city.

The burglary was not discovered until the store was opened Tuesday morning, when it was noticed the cash register was standing ajar and a rear window was up.

Entrance had been gained by forcing the wooden doors to a back window, and then turning the catch with a knife-blade after which the window was easily raised.

There was no evidence that the wooden doors had been jimmied but were forced back probably by pulling with the hands.

The police were called to the store but found no clue. The night police heard no noise whatsoever.

It was evident that the burglar felt secure while in the store, and that he remembered that he was hungry, as evidenced by the missing cheese.

## DEATH CLAIMS PROMINENT RESIDENT

Mr. J. D. W. Spargur, brother-in-law of Mr. R. S. Quinn, of Hillsboro, died at his home Monday, aged 78 years.

Mr. Spargur had been a merchant of Hillsboro for 52 years and one of the town's most successful and widely known business men. He was also president of the Citizen's National Bank and prominent in banking circles.

Mr. and Mrs. Quinn went over to Hillsboro Tuesday afternoon and will remain for the funeral services which will be held Wednesday.

## JOHN M. JONES IS CALLED TO SERVICE

Mr. John M. Jones, of this city, sales manager of the Greenfield Stone and Sand Company, received instructions from the Quartermaster's Department, Washington, D. C., to report at Chillicothe, Tuesday, with a view to furnishing crushed stone and other material to the government.

It will require a vast amount of material in the camp at Chillicothe and will tax the resources of the various quarries within 30 miles of Chillicothe to supply the material needed.

## OPENS FIRE UPON MEN ATTEMPTING TO STEAL SWINE

Bold Thieves Depart in Hurry When Barber Uses Big Pistol in Sending Hot Lead After Them—Eccapade Occurs on Broadway Late Last Night.

Three would-be hog thieves had a mighty narrow escape from death while endeavoring to steal a hog from Jud Clark's pen on Broadway, about 10:30 Monday night, when Irwin Bell, barber at the Sanitary Shop, appeared upon the scene and opened fire with a .38-caliber revolver.

Mr. Bell was aroused from his sleep by the noise of a rig passing through the alley near his house, and other indications that something was wrong.

Mr. Bell arose and dressed, seized his pistol and stole forth in time to see two men in Clark's hog pen. He called to the men to halt but they started to run, and he opened fire when they were about 40 feet distant. It is believed that one of the bullets took effect.

The two men scrambled into a buggy which contained another man, and they galloped their horse down John street and escaped.

The men were interrupted while in the act of obtaining possession of a choice porker. A search was instituted later in the night, but no arrests made.

## CUPID NOT AFRAID OF OLD H. C. OF L.

Cupid is not afraid of the H. C. of L.

This fact has been demonstrated beyond all question during the present month, when the number of marriage licenses exceeded those of any June in the past several years.

So far this month the number of licenses issued is 23, with two applications refused and a number of marriages outside of the county.

Last year the total number of licenses issued reached 20, while the previous year all June could produce was 15 licenses.

A short time ago there was every evidence that the high cost of living had bluffed Young Fayette County, but that is a thing of the past, the records clearly disclose that there are many strong hearts, and that love really laughs at locksmiths, food barons, and the other obstacles calculated to create fear to the matrimonially inclined.

## HARVEST HANDS MAY REGISTER AT ONCE

The Washington C. H. Branch, Free Employment Bureau is making plans to care for the harvest help of Fayette and Clinton counties.

According to the best information obtainable the Bureau will be able to supply their calls in a satisfactory manner but they are anxious that the men, who expect to go into the harvest fields, register in the Employment office and as soon as is possible they will be assigned to a place.

The business houses of the city are co-operating to the extent of agreeing to release men who have had experience on farms to the Bureau for placement in harvest fields, holding their place open until they return.

Some effort may be made to secure professional and business men and retired farmers that are willing to go into the country for the harvest work.

## CARS COLLIDE IN COLUMBUS

The automobile driven by Harry F. Brown of this city collided with a car belonging to Vanderveer Taylor, at High and Broad streets, Monday afternoon and became jammed so tightly that it was necessary to use jacks to separate them.

Traffic was held up for some time but little damage was done to either car. Mr. Brown drove home to day in his automobile.

## REALTY TRANSFERS

# Make the Home Artistic and Comfortable for the Summer

## See the New Summer Rugs and Curtains

Environment, one's surroundings, have a great deal to do with one's comfort. Many a "fit of blues" is probably to be accounted for by the bare floor and curtainless windows of the home in Summer. We are showing curtains light and dainty, rugs that are just as cool looking, cretonnes that may be used across the top and at the sides of windows, summer coverings for cushions in cool shades.

## That Side Porch—

May be made a delightfully cool and comfortable room with the aid of a couple of these Aerolux Slat Shades, a grass rug or two and some old furniture painted white.

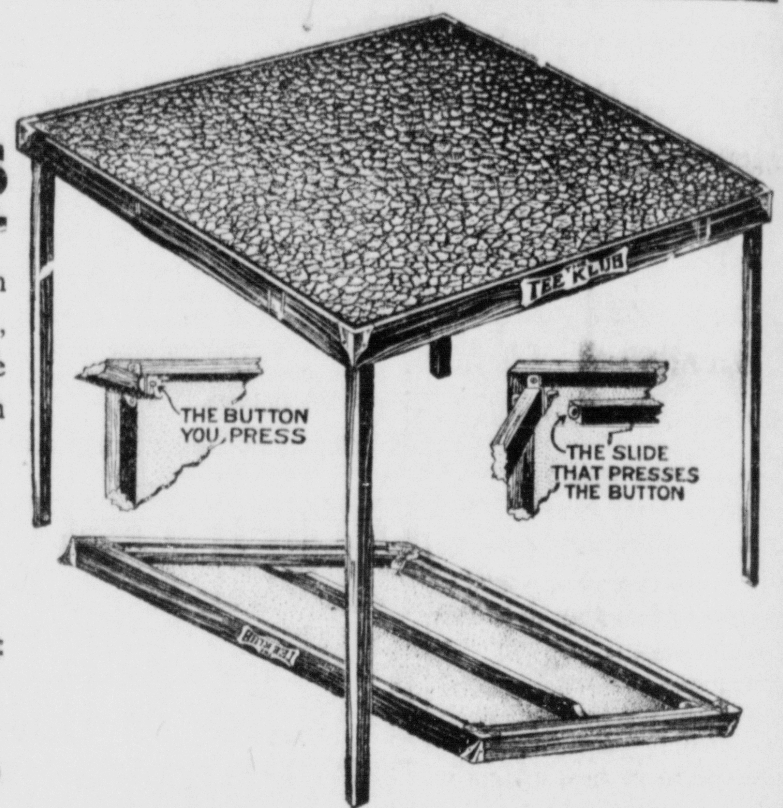

**Aerolux Shades \$3.15 to \$6.50**

## These Tee Klub Folding Tables

Are the neatest trick we have seen in this kind of an article. Light weight, yet strong and substantial, not a bit wabby, and fold up thin and flat. We have marked these \$2.50 to introduce them, although they are sold usually at \$3.00.

**\$2.50**

**Craig Bros.**

## THOSE BOOKED FOR BIG LAKE CRUISE

A partial list of Washington and Fayette county people who have made reservations for the Dahl-Campbell outing on the Great Lakes, next week, includes the following:

Mr. and Mrs. J. W. Duffee, Mr. and Mrs. Wm. Fogle, Mr. and Mrs. Ed. Fite, Mr. and Mrs. M. C. Ortman, Mr. and Mrs. Howell Reno, Mr. and Mrs. Harry Brown, E. Arbogast, Mrs. W. B. Steffy, Harry Baker, Gertrude Channell, W. M. Campbell, A. F. Kyte, C. W. Lewis, Robert Craig, Dr. D. H. Rowe, Mr. and Mrs. B. E. Kelley, Mr. and Mrs. Clifford Peddicord, Jerry Malloy, Clifford Householder, Lee Ortman, R. R. Kibler, J. P. Burke, Dr. Roy Brown, O. D. Coe, W. L. Fulton, Leonard Charles, George Dean, Mr. and Mrs. H. E. Louis, Donna Wood, Nellie Cochran, Frank Gooley, Clara Kennedy, Joe Kennedy, Thad McLain, Mary Withcott.

This list is growing rapidly, and Monday of this week 25 additional persons were booked at the office of the firm, with the rush continuing Tuesday, both in Fayette county and throughout the district. It is expected the limited number of reservations yet available will be taken before Saturday night.

Mr. Heber Jones, of Greenfield, an expert photographer, has been engaged as the official photographer of the trip, and will take a number of pictures with his large panorama camera.

## FLOWER GARDEN ATTRACTS ATTENTION

A great deal of attention has been attracted during the last few days to a wonderful flower garden, grown by Mrs. Sam DeWees, at her home on Shady Side.

Poppies, scarlet, pink, white, variegated, riot in gorgeous bloom; Larkspur and other flowers unusual and some of the old fashioned flowers that are now rare add to its attraction.

Many have visited the garden during the last few days.

## NOTICE

The Y. W. C. Court Group will meet at the home of Mrs. Frank Karyne at 7:30 Tuesday evening, June 26.

All Methodist women residing on E. Court street, Columbus avenue, Yeoman and Willard streets are urged to attend. A short program will be rendered in connection with the business proceedings.

MRS. CHAS. H. PARRETT  
Secretary.

## SUMMER TIME NEEDS AN EVENING WRAP ALL ITS OWN

THE BELLE

Faisley in shades of old rose hand-somely set off with a stole of black velvet and a gorgeous silk tassel affords this beautiful wrap lined with creamy Japanese silk.

## TEACHERS PASS

By Associated Press Dispatch.

Columbus, O., June 26.—According to announcement through the office of the state superintendent of education, 20 special state life certificates to teach have been granted; 165 state life elementary certificates without examination issued to persons who have taught 24 months of their respective four-year elementary provisional certificates and nearly 300 state high school certificates without examination have been issued.

## PONY CART WANTED

Must be in good condition and cheap. See Harry Rodecker.

Another reason why the soldiers of the Confederacy finally succumbed to hunger was that they didn't know cotton-seed meal was first class bread material.—Dallas News.

## TOBACCO DEALERS VERY UNPOPULAR

(Associated Press Cable)

London, June 26.—The most unpopular persons in England at the present day are the retail tobacco dealers. The new tax on tobacco has been introduced last week raised the tax on tobacco by forty-four cents a pound. There upon almost all of the dealers announced a raise in prices averaging on all forms of tobacco about sixty-four cents a pound. The dealers take advantage of an extra tax to charge the consumer the tax and also an extra profit of twenty cents a pound. The consumers are indignant, but as the dealers generally hang together, the consumers have no remedy except to stop using tobacco. There is an additional grievance in that large proportion of the tobacco used in England is consumed by the soldiers in training, on leave, or in hospitals, and purchased by

home people to send to their soldiers at the front.

The profits resulting from this increased tax really work out at more than twenty cents a pound, because both the tax and profit are charged on all the tobacco in stock which paid duty at the old rate. So that, on the stocks in hand when the duty was raised, the dealers are making a new profit of sixty-four cents a pound.

The tobacco trade will make about \$55,000,000 a year for collecting the new duty which is expected to yield \$30,000,000 revenue, according to the estimates of a correspondent of the Daily Mail. He figures also that the traders have about 44,000,000 pounds in stock on which they will charge the new duty to consumers, without having paid it themselves.

## W. C. T. U. NOTICE

The W. C. T. U. will meet Friday at 2:30 o'clock in the Welfare room, Market and Main streets. Every member is urged to attend. Important business.

## Poetry For Today

**THE SLACKER.**  
 He sees the soldiers march away  
 And hangs his head in shame;  
 For he must lag at home, while they  
 Go forth to war and fame.  
 To battle for their native land  
 Whose call they answer now—  
 While he must bear the hateful brand  
 Of "Coward" on his brow.

He tarries for another's sake,  
 Though his the slacker's part.  
 A bond too strong for him to break  
 Has chained his patriot's heart.  
 He forces back the rising tears;  
 Ah! How the bugles blow!  
 And how the streets resound with  
 cheers  
 To speed them as they go!

He knows that he is young and  
 strong;  
 The heart within his breast  
 Is brave as any in that throng  
 In warlike khaki dressed.  
 But though we know it fills his mind  
 With agony untold;  
 We think he'd better stay behind,  
 He's only eight years old!  
 —New York American.

## Weather Report

Washington, June 26.—Ohio and Western Pennsylvania: Overcast and warmer Tuesday; probably followed by local thunder showers Tuesday night and Wednesday.

Lower Michigan — Thunder showers Tuesday, warmer in east; Wednesday fair, cooler in west.

Tennessee, Kentucky and West Virginia — Probably fair and warmer Tuesday and Wednesday.

### WEATHER FORECAST

Ohio—Local thunder showers.

#### Daily Calendar.

From noon today to noon tomorrow: Sun sets, 7:34; moon sets, 11:19 p. m.; sun rises, 4:30.

### CLIMATOLOGICAL CHART.

Ending 7:00 p. m.

Highest temperature 85.  
 Lowest temperature 54.  
 Mean temperature 70.  
 Barometer 30.11. Falling.

Moscow, June 26.—A wholesale delivery of 600 prisoners from the But try jail and calling out of troops to round them up, resulted in bloodshed here. A number of deserters from the army forced their way into the warden's office and liberated every one of the prisoners. They fled to a big house and fired from the windows on soldiers attempting their arrest. The fire was returned, one deserter being killed and eight wounded.

## ROOT MAKES SPEECHES IN OLD MOSCOW

Expresses Admiration for Russians' Work Under Adverse Circumstances—Gets Warm Welcome.

(Associated Press Cable)

Moscow, Russia, Saturday, June 23.—(Delayed in transmission)—In the first twenty-four hours of his stay in Moscow, Elihu Root, head of the American Mission, addressed six important organizations, representing every kind of industrial activity and every shade of political belief.

In each instance he was received with the liveliest interest and enthusiasm; not only by representatives of the Government, but the Workers' and Soldiers' Delegates, who listened eagerly to Mr. Root's account of the way in which America is mobilizing all her resources in the struggle to preserve democracy.

In a speech before the Military and Industrial Committee today, Mr. Root said:

"I do not think we fully appreciate the difficulties under which you have labored. A study of conditions since our arrival reveals that those difficulties are far greater than we supposed."

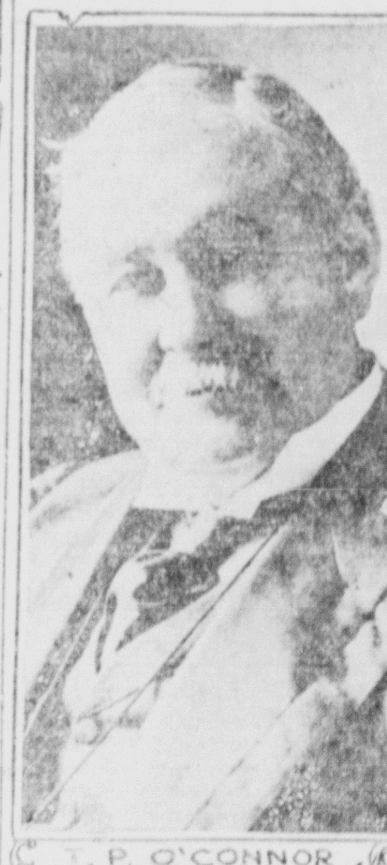

"That increased our admiration for the courage, persistency and public spirit with which you have carried on your great work in the last two years."

## COAL MEN MAY REDUCE HIGH PRICE OF FUEL

By Associated Press Dispatch.

Washington, June 26.—Four hundred bituminous and anthracite coal operators gathered here to consider reduction of coal prices for the Government and public. Joined in a demonstration of approval today when Secretary Lane warned them that the sensible, patriotic and American thing to do was to put into the hands of

## O'CONNOR HEADS IRISH COMING HERE TO TELL HOW IRELAND STANDS

T. P. O'CONNOR

It was announced in Washington that T. P. O'Connor, one of the leaders of the Irish Nationalist party, would soon arrive in this country on an important mission, and it was believed that he headed a delegation composed of members of the Irish Parliamentary party, which intends, it is understood, to make known to the people of America the status of the extremely complicated Irish question.

It was suggested in Washington that one of the objects of the British Government in sending Lord Northcliffe to the United States may have been to lay the Irish situation before President Wilson, as Prime Minister Lloyd George and his associates in the governing council want it understood by the United States government.

Someone, or some small group, the fixing of a low price on coal.

Secretary Lane minced no words in telling the coal men that they should be patriotic enough to forego profits for successful conduct of the war.

"The life of the Nation is at stake, and there are greater things than making money."

## "JENKS" IS DEAD

By Associated Press Dispatch.

Columbus, O., June 26.—"Jenks" is dead and there is keen regret at the State House, where, since early in the McKinley administration "Jenks" who was James E. Jenkins, colored, worked as janitor continuously up until five weeks ago when he took to his bed.

"Jenks" was trustworthy and that's why he kept his job all these years, notwithstanding the many changes in administration. He died last week

at his home here which he had bought and paid for out of his savings.

No one knew how old "Jenks" was, not even himself, although it is believed he was in the neighborhood of 85. In politics, Jenks was a staunch Republican and he enjoyed the close friendship of McKinley, Bushnell, Nash, Herrick and Harris, but was not so well acquainted with the governors who followed them. Harrison often would stop in the state house yard on his way to the governor's office, before state officials to chat with Jenks and between the two there was a strong bond of friendship.

## PIN IN THROAT IS NEARLY FATAL

Mrs. Robert Olinger, residing west of this city, nearly choked to death on a common pin, which she accidentally swallowed Tuesday morning. Dr. Rowe was summoned and realizing the seriousness of the case, he immediately removed Mrs. Olinger to Columbus, where Dr. C. F. Bowen, by the use of a bronchoscope quickly recovered the pin and saved the life of the patient.

Mrs. Olinger was able to return home, little the worse for her harrowing experience.

## CONDUCTED SCHEME CONTRARY TO LAW

Postoffice inspectors were in this city Monday looking up the record of a young man named W. H. Conner, of Greenville, Ohio, who has relatives here and visited here last summer.

The young man is now held in Columbus on a charge of using the mails to defraud, charging 25 cents for false information sent out to persons answering an advertisement inserted to catch the unsuspecting and credulous.

The scheme is said to have netted the young man a large sum of money before the postoffice department discovered the fraud being practiced.

There's really nothing like a heavy dose of Uboat for a bad case of neutrality—Council Bluffs Nonpareil.

There is a gray-haired wizard who is going to cross your path, Mr. Uboat, and you're going on a long, long journey.—Chattanooga News.

## Getting Ready

More than half a million men have volunteered for service in the army and navy since the war began and the mobilization of the nations resources has proceeded and is proceeding on a scale more tremendous than was believed possible only a few months ago.

Capitol and labor have joined hands in the common cause, census taking has been completed, the vast fund of information, so necessary in times of war, is gathered and catalogued so that, on an instant's notice, the hundreds of thousands of manufacturing plants are available for the nation's need whenever it arises.

The great transportation facilities have been prepared so that transfer to government service, in whole or in part, as the need arises is a matter of orders only.

Mines, telephone and telegraph companies, inventors, scientists, business men farmers, women's organizations and all record the same patriotic activity and the same splendid successes.

The nation has risen en masse equal to the every demand and every intelligent request, has responded to every whole and every movement and best of all has very emphatically and promptly put the taboo on every foolish freak proposal.

The good sense of the American people has kept step with the patriotic impulses.

## In Social Circles

Royal Chapter No. 29, O. E. S. held a satisfactory initiation, followed by a delightful social hour, Monday night at the Masonic Temple.

Mrs. Mabel Shoop Bishop and Miss Katharine Rothrock were given the degrees.

## HOT WEATHER HELPS

13c, 2 for a quarter

### ICED COFFEE

No finer variety for icing than the genuine green bag Peaberry, perfect in flavor, uniform in quality, delicious in the cup. For your own protection get the genuine in the green bag.

22c the pound

## BARNETT'S GROCERY

Quality Counts Here

## PERSONALS

Mrs. H. E. Daugherty visited her mother, Mrs. D. W. Martin, in Dayton, the past two days, and brought home her little daughter Janet from a week's visit.

Mr. C. F. Bonham is on a business trip to Columbus today.

Mr. Walter Robinson was down from Columbus spending Sunday with his brother, Mr. Geo. A. Robinson, and family.

Mr. L. C. Mallow goes to Marion Wednesday to attend the races in which the Mallow horses are entered.

Mr. and Mrs. Will McLean, of Athens, are visiting Mrs. Ione Bryant before leaving to make their home in Denver, Colo.

George A. Robinson went to Cincinnati today on business.

Mrs. James Moore and motoring party from Jackson were the guests of Mrs. Moore's cousin, Mrs. Margaret Colwell.

Mrs. Frank E. Haines and Miss Maude Cox spent Monday in Columbus in the interest of the Girls' and Boys' clubs of the Fayette County Fair.

Mrs. Walter W. Hamilton and Mrs. D. H. Thompson were visitors in Columbus Monday.

Mrs. E. G. Carpenter accompanied Mr. and Mrs. Pope Gregg on a motoring trip to Chillicothe.

Mrs. Charles Record and daughter Wanda Lee of Hillsboro, are visiting Mrs. Record's brother, Mr. Arthur Stauber, west of town.

Mr. Clayton Trout of Springfield joined his wife and daughters to spend Sunday at the home of his father-in-law, Mr. Lewis Mark, on the Staunton pike.

Dr. F. E. Hall and Miss Xenna Hammer, who have been visiting at the home of Mr. Hall's parents, Mr. and Mrs. N. B. Hall, returned to Columbus Wednesday morning. Dr. Hall goes on to St. Elizabeth Hospital, at Dayton, to serve a year's internship.

Miss Anna McKee, of Columbus, is the guest of her aunt, Mrs. Ed Scoggins.

Eugene Bliss, son of Supt. Bliss of the Sears & Nichols Canning factory, left Monday for a three month's training course at Norfolk, Va., preliminary to his entrance into the United States Navy.

Mr. Jesse Landerman, of New Holland, is among stock sale visitors today.

Prof. W. W. Davies is expected from Delaware this evening.

Marcus S. Goldman, of Middletown, is the guest of Max Dice, a fraternity brother at Miami University, for a few days.

Walter Hays, son of James Hays of this city, who offered his services to the government some weeks ago, has been ordered to report to Chillicothe to assist in the construction work on the cantonment there.

David D. Parker, physical director of the Y. M. C. A. who has been visiting relatives and friends in Wilkes-Barre, Penn., returned to his work in this city, Monday evening.

Miss Ruth Jackson, of the Oratorical department, Ohio Wesleyan University, who will assist as reader in the Epworth League Convention, arrived from her home in Chillicothe, Wednesday, to be the guest of Miss Jane Saxton.

Mrs. Geo. Davidson and children of Columbus are visiting Mrs. Davidson's sister, Mrs. Herbert Chapman.

Miss Augusta Lausch arrived Saturday from Jackson for a couple of weeks' visit with her sister, Mrs. H. D. Rodgers, of Good Hope. Mr. Ted Lausch, who has been the guest of Mr. and Mrs. Rodgers, returned home Tuesday evening.

Mr. and Mrs. Frank Landerback of Sardinia, were the Sunday guests of Mr. and Mrs. Wm. Fogle.

Ana J. Patterson, who went to his home in Atlanta, Ga., several weeks ago to apply for officers' training, returned to this city Monday afternoon.

Mr. and Mrs. H. H. Sanderson, accompanied by Judge Joseph Hidy and Mr. John Logan motored through to Orrville, Monday on legal business. Mr. and Mrs. Sanderson will go on to Cleveland to visit their daughter, Mrs. Hamer Conn and family.

Mrs. H. T. Renick of Good Hope, was taken to Mt. Carmel Hospital, Columbus, for treatment under Dr. Bralton, specialist, Sunday, her condition being quite serious. She was brought to this city, from her home, in the McCoy Ambulance. Mr. Renick and sister, Mrs. S. E. Boggs accompanied her.

Mr. and Mrs. W. H. Hammond of Bloomingburg, were the guests of Misses Rachel and Charity Vesey.

Mr. C. P. Thompson, of Sabina was a stock sales visitor Tuesday.

Miss Roxie Stinson visited in Columbus the first of the week.

Mrs. Eva J. Penn, Mrs. Ralph Penn and daughters, Kathleen and Marjorie are leaving Wednesday for Chautauqua, N. Y. where they have taken a cottage for the season. Mr. Penn joins them later. Mrs. Ralph Penn and daughters went to Columbus this evening to visit a sister, Mrs. Geo. Santee until their departure.

Mrs. Gertrude Armstrong who was the guest of her sister, Mrs. Frank Plymire while here to attend the funeral of Mrs. Ralph Coblentz, returned to her home in Dayton, Tuesday.

Mr. Clna McLean of Athens is visiting his sister, Mrs. Ione Bryant and niece, Mrs. F. C. Mayer. He also expects to visit while here, Mrs. John Bryant and Mrs. George Pabb.

Messrs. H. L. James, M. F. Hutson, Ray F. Glaze and Owen Williamson, of Jeffersonville, passed through this city Monday evening, enroute to Columbus, returning Tuesday evening.

Miss Lillian Van Kirk, of Akron, was the guest Tuesday of Miss Mabel Houpp. Miss Houpp leaves this week for Rochester, N. Y., to take additional work in the commercial school at that point.

Mrs. Owen, of Springfield, is the guest of Mrs. A. R. B. Greenlee, in Bloomingburg.

Mr. and Mrs. Charles McLean are spending a couple of days in Cincinnati.

Mrs. Frank Demorest and daughter of Bloomingburg were the guests of Mrs. C. E. Lloyd Tuesday.

Mr. John Stookey was a business visitor from New Holland Tuesday.

Mrs. James Ford visited in Columbus the past two days.

## S. S. CONVENTION HELD IN MARION

## MISS ANNA SUTTON RESIGNS POSITION OF WELFARE NURSE

Leaves a Splendid Record of Achievements During Her Stay in Washington—Miss Louise Ballard Chosen to Succeed Miss Sutton—Other Changes.

At an important called meeting of the Welfare Board Monday afternoon Miss Anna Laura Sutton, public health nurse for the past two and a half years, handed in her resignation, to take effect the first of July. The Board felt that in accepting Miss Sutton's resignation they were parting with a valuable co-laborer in the important work of associated charities. The large amount of good accomplished through Miss Sutton's efforts is only fully realized by the board. She has been an untiring nurse, has gotten in personal touch with needy individuals of the community to an unusual degree and has taken the initiative in movements of practical benefit to the town.

The board members freely expressed their appreciation of Miss Sutton's competency—an appreciation which is generally felt in the community.

Mrs. Frank L. Stutson was elected to the office of Vice President, to fill the vacancy left by the resignation of Mrs. W. H. Turner (nee Flora Allen).

The board then took up the matter of electing a new Public Health Nurse and the choice of Miss Louise Ballard, daughter of Mr. and Mrs. C. E. Ballard, now in New York, was unanimous.

Miss Ballard has made for herself a remarkable record and it is earnestly hoped will accept the position.

After graduating from the local High school and attending Denison University, she graduated from St. Mary's Free Hospital for children in New York. She also trained at the Roosevelt Hospital; as visiting nurse in the Morgan Memorial Lying In Hospital; as visiting nurse in Henry Street Settlement House and served as head of the maternity ward Brooklyn Hospital. In addition to her public work Miss Ballard has had experience in private nursing, so that she is exceptionally well qualified for the position, as well as being a Washington girl.

The Board hopes that in the future more than ever before the Public Health Nurse will be able to render to those ill helpful services—the nurses charge is but 50 cents a call and in many cases she can be an invaluable assistant in the home.

## THIS LOAD OF WOOL BRINGS OVER \$4000

Mr. T. O. Smalley, prominent farmer of Wayne township, brought to this city, Tuesday morning, the largest load of wool ever marketed here, and the load was purchased by Ed. Darlington at a price in excess of \$4,000.

The load contained between 700 and 800 fleeces of fine Delaine wool, and weighed over 6500 pounds.

The mammoth load was photographed by Photographer Hays, and attracted widespread attention among citizens in general.

Mr. Smalley is one of the largest breeders of sheep in Fayette county, and is firmly convinced that it pays to raise sheep and pays now far greater than ever before.

## LOCAL INVENTOR ATTRACTS ATTENTION OF THE GOVERNMENT

Donald Wills, formerly of this city, now employed in the mechanical department of the Cole Motor Car Company in Indianapolis, son of H. W. Wills of this city has built an aeroplane that has attracted the attention of government officials.

Mr. Wills has had the invention in mind for two years, but it was not until recently that he had the opportunity to put his ideas into form.

Several weeks ago, the Cole Motor Car Company requested their mechanics to turn any inventive genius they might have to aeroplanes.

Mr. Wills explained his proposition to the officials of the company and was urged to put his ideas into drawings and writing. When the plans were submitted they met with the approval of the company and Mr. Wills set upon the task of constructing a model.

He did the work during his vacation, at his home in this city, a few weeks ago.

Government officials have since approved the model, and the Cole Company will build one of the large machines for a demonstration.

Mr. Wills has perfected the aeroplane in many ways by his invention. His many friends here are wishing him success.

## THIRD VICTIM OF WRECK IS DEAD

L. S. Shafer, head brakeman on the P. T. & I. freight that went through a bridge near Givens Station early Monday morning, died Monday afternoon of the injuries sustained when he leaped from the train as the crash came. He struck upon his head and his skull was fractured.

With announcement of the death of the third victim of the wreck comes the expressed belief of General Superintendent G. W. Thompson that the fire was of incendiary origin and a search for the culprit is under way.

The bodies of Engineer C. P. Little, Fireman Otto Kirsh and Brakeman Shafer were taken to Springfield on No. 6, which passed through this city at 4:45 Monday afternoon, and which carried the private car of some of the head officials of the road.

The wreck was cleared up by early Tuesday morning, and even the great 240,000 pound locomotive was lifted from its resting place in the creek and taken to the shops. It was necessary to construct a special track down to the water's edge and use the big hook in lifting the engine upon the rails. It was a clever piece of work of the wreck crew.

The remarkable part of the wreck was that the engine, regardless of the drop, was damaged only to the extent of about \$150.

## WALTER HEAD AND YOUNG WOMAN HURT

Miss Anna Bell Hitchcock, of Portsmouth, popular society girl, is in a dying condition as result of an automobile mishap south of Jackson, Sunday, when Walter Head's automobile was wrecked.

Head, who is well known in this city, and resides in Greenfield, was driving on a hill north of Lucasville, when the machine went down an embankment. Miss Hitchcock suffered a fractured skull, four fractures of the jaw and broken nose, while Head escaped with a broken ankle.

Physicians hold little hope for the recovery of the injured girl.

## STATE HEALTH BOARD SENDS MAN HERE TO MAKE INVESTIGATION

Engineer M. Z. Blair, of the State Board of Health, who made an examination of conditions at the Washington Water Company's plant some few weeks ago in response to reports on the new dam at that point, arrived Tuesday morning to make a thorough investigation of the premises, and recommend any changes he believes necessary.

No definite action is contemplated by Mr. Blair, but if after a careful study of conditions he finds that it is necessary to remove the dam or

## LARRIMER LAUNDRY

AUTOMATIC 5201; BELL 138-W

make other changes, he will make such recommendation.

He was accompanied on the tour of inspection by Health Officer John Byron, and the two officials found, as has been the case since some time last spring, that the waters of Paint creek cover the entire bottom north of the dam, inundating several acres of territory, and standing up several feet on the trees along the creek, as well as about the various wells south of the "Lost Bridge" road.

It is expected that samples of water will be taken and forwarded to Columbus for analysis, as the conditions about the pumping plant are believed to be much more liable to result in contamination of the water than before the dam was built across the channel and bottom below the water plant.

## LOSES TITLE

(By American Press)

Dayton, O., June 26.—Ted Lewis wrestled the welterweight crown from Jack Britton here last night, winning on a decision by Referee Lou Bauman of Cincinnati at the end of twenty rounds. Britton scored a knockdown in the last round, but it did not offset the lead Lewis had won in the earlier part of the fight.

Lewis was credited with winning seven rounds, the second, seventh, tenth, eleventh, twelfth, fourteenth and fifteenth. Britton had a knockdown in the eighth, ninth, thirteenth, seventeenth, eighteenth and twentieth. The others were even.

Referee Bauman's decision was not the popular verdict, many believing that the champion's strong finish and the short right and left jabs to the jaw that sent Lewis to his knees in the twentieth round balanced the Englishman's early scoring.

## Mayo Praises Navy's Shooting Recruits Learn to Handle Gun

LEARNING HOW TO SEW FOR THE FIGHTING MEN

While the men in the destroyer squadron in British waters tell in letters home of their experiences in actual warfare, no efforts are spared with the newer recruits for the navy to fit them for the work of war. Admiral Mayo, commander of the Atlantic fleet, reported recently to Secretary Daniels that he was pleased with the ships' target practice records. The picture shows some of the "rookies" being instructed by an officer in the handling of the rapid fire guns.

## WILSON NAMES NEW COUNCIL

(By American Press)

Washington, June 26.—By executive order, President Wilson created a new export council.

The council, or embargo board, will have full authority to declare embargoes on exports from this country and is expected to prove a most powerful weapon in dealing with the neutral nations that are known to have been engaged in supplying Germany with foodstuffs and materials for the manufacture of munitions.

Under the president's order the new council is made up of the secretaries of commerce, agriculture and state departments and of the food administration. The placing of an embargo by this newly created organization will make it impossible for neutrals to export great amounts of foodstuffs and other supplies from this country. Through this powerful weapon the United States will be able to follow the exports from this country all the way to the ultimate consumer.

A vigorous conclusion of the war can come, said the president in a statement outlining the country's export policy, only by systematic direction of American trade. "The free play of trade will not be arbitrarily interfered with," he said. "It will only be intelligently and systematically declared in the light of full information with regard to the needs and market conditions throughout the world and the necessities of our people at home and our armies and the armies of our associates abroad."

Members of the export council will meet this afternoon to organize and to recommend to the president a series of proclamations which will put the law into active operation.

The first proclamation will require the licensing of all coal and fuel shipments, including bunkers, and its purpose is to give the government first a firm grasp on shipping.

The second will provide a system of licensing for every class of exports to the European neutral countries and is

designed to prevent supplies from reaching Germany. Proclamations to follow will name specific commodities which may not be shipped anywhere without licenses. The first commodities to be designated will be cereals, and other foodstuffs. By degrees the list will be extended until virtually every export commodity is brought under operation of the act.

The proclamations covering coal and exports to European neutrals probably will be issued this week. Under an arrangement to be made with the British government providing for an international shipping control enforced by bunkering and export licensing agreements, the United States and Great Britain will have the trade of the world in their hands, to direct in the manner best calculated to assist in winning the war.

The neutral export proclamation will be hurried to prevent removal from the United States of large supplies of foodstuffs bought by neutrals and now stored in this country awaiting shipment. The government is determined to hold neutrals to necessities.

The American food supply, it is made clear, will be used first to feed this country; second, to feed the allies, and what is left will go to neutrals.

## DEBT GOES WITH SCHOOL TRANSFER

(By Associated Press Dispatch)

Columbus, O., June 26.—Opinions by Attorney General McHugh respecting educational matters in which legal questions have arisen includes one in which he says that where an entire school district is transferred to an adjoining district, the bonded indebtedness of the one transferred becomes a debt of the entire new district. The inquiry in the particular case came from Wilmington, Ohio.

Another inquiry, this from Cincinnati, asked for an opinion respecting powers of boards of education in letting teachers out for various reasons for a few days or for several weeks. It is held that the board can make a rule granting teachers several days absence to attend funerals of immediate relatives or one day's leave to attend the funeral of other and more distant relatives and the board can retain and pay a substitute; that the board can pay the teachers the difference in salary due that teacher and the salary paid a substitute when the teacher is off for as long as 40 days because of illness; that teachers can be given two days in which to visit other schools; that the board has no right to grant teachers a leave of absence to attend conventions and cannot retain a substitute; that the board can assign a teacher, superintendent or director to study methods in other schools, paying necessary expenses and the salary of a substitute.

## WOMAN KILLED

(By American Press)

Elmira, O., June 26.—Mrs. Mary Kozdubak, sixty-five, the first woman to accept a position as section hand for a railroad here, was killed and her granddaughter, Margaret Kroyce, fifteen, also a section hand, was perhaps fatally wounded when a Baltimore and Ohio engine backed into a gang of women workers. Four other women escaped unharmed.

## PLANS UNDER WAY FOR UNION CHURCH

(By Associated Press Dispatch)

Marion, O., June 26.—Federation of churches without breaking denominational ties is the most feasible plan and the only one of a number yet proposed to solve the over-church problem in rural communities, said the Rev. J. M. Keck of Cleveland, speaking before the Ohio Sunday School Convention at the rural workers' conference in the German M. E. church this afternoon on "The Federation of Rural Churches."

He named four other suggestions for centralizing church work but said he objections are so strong against them that they cannot succeed.

One is to unite church members in community units with the strongest church and abandon the others. But he plan, he says, is not to be worked. Another proposal is to disband all the churches and form a Union church. Such churches would have no denominational backing, financial or governmental and would find it very difficult to secure acceptable pastors.

A third plan suggested is to disband all churches and organize one church of a denomination not previously operating in the community. But, like others, it requires people to break away from their former religious leaders, periodical literature, and take on something new and unfamiliar. It likewise has legal difficulties in reference to property. A fourth plan is, where there are two churches in each of two communities, combine the two if like denomination having one denomination in each community and another in the other. But there are obvious reasons why such a plan could not be successful.

His suggestion for a federation without breaking denominational ties has been tried for two years at Northfield, O., for two years with success. Former organizations are retained entire and an executive committee has charge of work that concerns the congregation as a whole. Members are received upon their request as to which denomination they elect to join.

## BOARD SUMMONED

(By American Press)

Chicago, June 26.—Twenty-five members of the Elgin, Ill., board of trade which is said to establish butter prices for the United States, were subpoenaed before the United States grand jury to explain why the butter prices for the nation should be fixed every Saturday in a city where practically none of the supply of the country is produced.

## FOOD BILL IS TO BE CHANGED

(By American Press)

Washington, June 26.—That the food bill will be passed by the senate within ten days and finally enacted in time to deal with the season's crops, is the prediction ventured by senate leaders.

Material changes which the administration leaders have agreed to accept are expected to allay opposition to a large degree. These amendments propose:

Extension of government control over food, feed and fuels, as provided in the Lever bill, to many other basic articles, including iron and steel and their products, oil, copper, lead, zinc, aluminum, platinum, farm implements, fertilizers and binding twine.

Elimination of the provision for regulation of consumption to insure that the food administrator shall not regulate individual rations. Inclusion of a new section to insure that control of farmers' production or storage of his own products can not be attempted, and, in addition to the licensing section, to make clear that the charges to be fixed shall relate to storage and other middlemen's handling.

Aside from difficulties ahead over prohibition, opponents of the bill promise to continue their fight on the licensing plan, minimum price fixing, the provision for government purchase of foodstuffs, the section authorizing the president to commandeer factories and other plants and mines.

On the house amendment prohibiting further manufacture of foodstuffs into intoxicants of any kind, a majority of the committee is said to favor a substitute along similarly drastic lines. The fight will center upon an effort to permit manufacture of malt liquors and wines.

## United States Battleship Minnesota

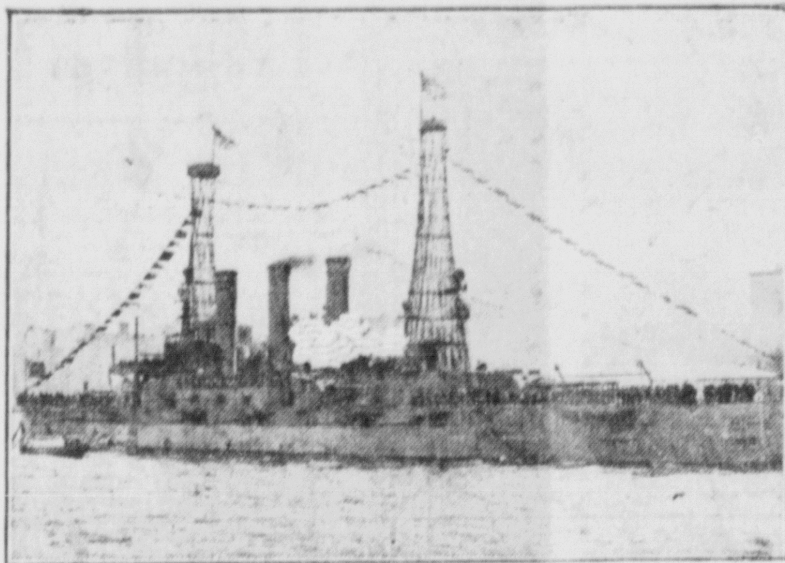

Photo by American Press Association.

There are four twelve-inch and eight eight-inch guns in the main battery of the Minnesota. This battleship displaces 16,000 tons and is 456.3 feet in length. She has a speed of 19 knots, and her officers and men number 856.

## RED CROSS FUND OVERSUBSCRIBED

(By American Press)

Washington, June 26.—Over-subscription of the Red Cross \$100,000,000 mercy fund is reported following the eight day nation-wide campaign which closed last night with final rallies in hundreds of American cities.

The country's total outside of New York city, tabulated by Red Cross headquarters, was more than \$65,000,000, and pledges still are pouring in. New York city's total is believed to be near \$40,000,000, the city's quota.

Definite figures will not be available until cities report the results of their last minute efforts, but Red Cross officials said they had no doubt that the totals will show that American generosity has been responded to in the same spirit as for the liberty loan, with millions more than asked.

Ten million dollars of apparent oversubscription may be necessary, it was said, to make the actual collections equal \$100,000,000, owing to the possibility of duplicate recording of some corporation Red Cross dividends at their source and also in the locality where stockholders live. The next two or three weeks will be devoted to gathering in the money promised in dividend pledges.

Ohio contributions were: Cleveland, \$4,600,000; Columbus, \$356,000; Fairfield county, \$28,000; Marion county, \$12,000; Bucyrus, \$8,200.

## AMERICAN GUNNERS ENGAGE SUBMARINE

(By American Press)

London, June 26.—American naval gunners successfully fought off a big German submarine which attacked an American passenger liner off the coast of Ireland. A torpedo fired by the submarine missed its target by less than twenty feet.

The encounter occurred at midnight, after the liner had been in the submarine zone many hours. A large number of the passengers on board were reading in the cabins or lying in chairs on the deck, ready for an emergency.

The gunners crowded about the forward guns and also the ship's officers on the bridge sighted the wake of a torpedo as it went spinning toward the bow. The lieutenant jumped to his station as the lookout cried: "Torpedo and submarine off starboard bow."

The ship swung around so sharply that the decks were tilted to an angle of 20 degrees. Immediately there came the bark and flash of a gun.

Passengers, binding life belts about themselves, swarmed to the decks. The ship's officers hurried among them, counseling calmness. Another gun, this time pointed further astern, was fired, and the projectile in its flight struck a long boom swung over the side to which a log line was attached.

The liner at that moment was wallowing between two great waves. The conning tower of the submarine, out lined for a moment against the sky, was all that was visible to the gunners in the darkness. They soon lost sight of the raider in the darkness, however, and were unable to tell whether any of the shots fired hit the mark.

## MISMANAGED!

(By American Press)

Columbus, June 26.—Mismanagement and irregularity are alleged in a report filed by State Examiners Bliss, Dawson and Brennan, who investigated six state fairs. Most of the charges are in connection with the awarding of concession contracts at the fair and payment for them. In many cases concessions were granted to "favorites" instead of low bidders, the report says. Many concessions never paid a cent to the state, it is said. Shortages in money due on concessions were: 1912, \$125; 1913 and 1914, \$695; 1915, \$325, and 1916, \$665. No official is accused of positive dishonesty, however. The report was filed with Auditor of State Donahay.

You can buy or sell and find lost articles with Herald "want ads."

## PROTECTS THE NAME OF THE PRESIDENT

Federal Judge John E. Sater, in Columbus has handed down an important decision, when he ruled that insulting remarks do not have to be made within the hearing of the President, or with his knowledge to come under the federal statute protecting the President's name from insult.

He overruled the demurrers which were set up by attorneys for Clarence Miller, Parsons Avenue grocer, of Columbus, and Pemberton Stickrath, Marietta veterinarian, both charged with having insulted the President recently. Both men were indicted by the federal grand jury, but their attorneys, at the preliminary hearing, demurred, saying that it is necessary for the President to hear or to know about the insult, in order to make the offender guilty, under the law.

Judge Sater held against this, and set the case for hearing Monday. This decision will have weight all over the United States, because of the arising of identical cases everywhere. — Exchange.

## CIRCUS DAY WILL SMASH RECORDS

When John Robinson's circus comes to town on Saturday, July 7th, one of the largest crowds seen in Washington in recent years is expected, as the show is the biggest one that will visit Washington during the present year, and is one of the largest on the road.

It requires two trains of 25 cars each to transport the big show, and the manager and specialists this year are better than the show has ever before produced.

Coming on Saturday, when a large crowd usually comes to the city for the week-end buying, the circus is expected to pull a mammoth crowd from this and adjoining counties.

## CANNING LESSONS

Watch the use of sugar in jelly making and save wherever possible, says today's bulletin from the National Emergency Food Garden Commission which is cooperating with The Herald in a nation-wide campaign to conserve the food of the nation and against waste.

Sugar is costly, continues the bulletin and every housewife should use great care with it. In order to tell just how much sugar should be used with each kind of juice, place a teaspoonful of juice in a glass and add one spoonful of 95 per cent grain alcohol.

Shake the glass gently in order to mix, then pour slowly and watch how the pectin; that is the substance in fruits that makes them jelly; is precipitated. If the precipitation is in one lump, a cup of sugar may be used for each of juice. Should the precipitation be in several lumps the sugar should be three-fourths the amount of juice.

Should no precipitation be shown the juice is not adapted to jelly making and should be used with apple or juices rich in pectin.

Tasting the juice is a good idea because the housewife will find fruit not as acid as good tart apples do not make good jelly unless they are mixed with fruits which are acid.

## OHIO NEWS

(By American Press)

Merchant Dead.

Cincinnati, June 26.—Sol Stix, fifty-two, member of the firm of Louis Stix & company, large wholesalers of dry goods and notions, died suddenly in his office.

Woman Killed In Bed.

Bellaire, O., June 26.—When Lyman Hudson awoke he found his wife dead beside him. She had been killed by a stray bullet which entered the room through a window during a street brawl.

Killed by Hoboes.

Cleveland, June 26.—Lieutenant A. W. Stanley, a Nickel Plate railroad detective, was shot and killed by one of a gang of hoboes whom he tried to drive from a Nickel Plate train at the Broadway depot. He was shot three times. Police are holding one man.

Woman Pardoned.

Columbus, June 26.—Governor Cox pardoned Mrs. Emma Daugaerty, Youngstown, widowed mother of five children, who was serving a life sentence in the Marysville reformatory for poisoning an Italian who boarded at her home. The woman's oldest son, aged nineteen, recently enlisted in the navy.

Concession to State Employees. Columbus, June 26.—The state board of agriculture will grant formal leave of absence to all employees who enlist for military service. The state civil service commission is expected to make the same kind of ruling for all employees in the state civil service. Agricultural board members announced the appointment of E. W. Roberts, Elida, and Harold G. Bond, Columbus, as field veterinarians at \$1,200 a year.

Republican Plans.

Columbus, June 26.—Extension of the state advisory committee of the Republican party into each county in the state was recommended at the joint meeting of the state central and state advisory committees here. The meeting primarily was for the purpose of the advisory committee reporting to the central committee what had been accomplished up to this time in organization work. Senator Hardin presided.
